

Parental alienation – What is it? What to do about it?

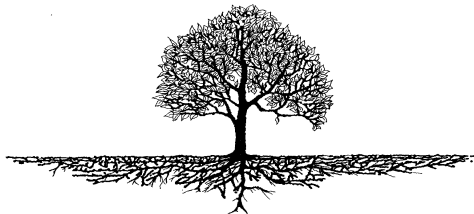

**International conference, August 24-25, 2018, in Stockholm
Moderna Museet, the auditorium**

Information and registration: www.pasgnordic.com

The conference is arranged by the not-for-profit organization PASG Nordic, in co-operation with PASG, Parental Alienation Study Group, an international not-for-profit organization registered in the US with 450 members from 46 countries from all continents. Members are researchers and practitioners from different disciplines, law, psychology, sociology, medicine, psychiatry, criminology, and some family members who have experienced parental alienation.

The aim is to promote research on the causes, evaluation, prevention and treatment of parental alienation and to distribute the knowledge that already exists, see www.mc.vanderbilt.edu/pasg.

*Two things shall be given by the parents to their
children, roots and wings.
Words of wisdom of unknown origin*

The number of long custody cases has risen and means heavy burdens for the courts. The number of children that without justification lose a loved mum or dad is going higher and higher. More and more children, and also adults, suffer.

The Stockholm Conference on Parental Alienation addresses professionals and researchers within the health and law sector, the school system, the police, media, and all who are interested in learning about the growing psychological domestic violence of our time from the knowledgeable lecturers who are invited.
